ELEMENT

Element is five extreme days of intense summer excitement based on the basic elements: Wind, Earth, Fire, Water and Spirit. This year's Element promises to have some of the biggest events that Oasis has ever pulled off and all of them have been designed and planned with the help of Middle School students! Everyday we'll be leaving the White Lake Campus for incredible activities! You'll make **NEW FRIENDS**, build a vibrant relationship with **GOD**, and make some incredible **MEMORIES**. Element will be full of larger than life activities, inspiring worship, relevant Bible teaching, and dynamic breakout sessions. Element is for all middle school students going into 6th grade through 8th grade the fall of 2010.

more...
